# DSD Playback on JRiver Media Center

Open the JRiver Media Center software.
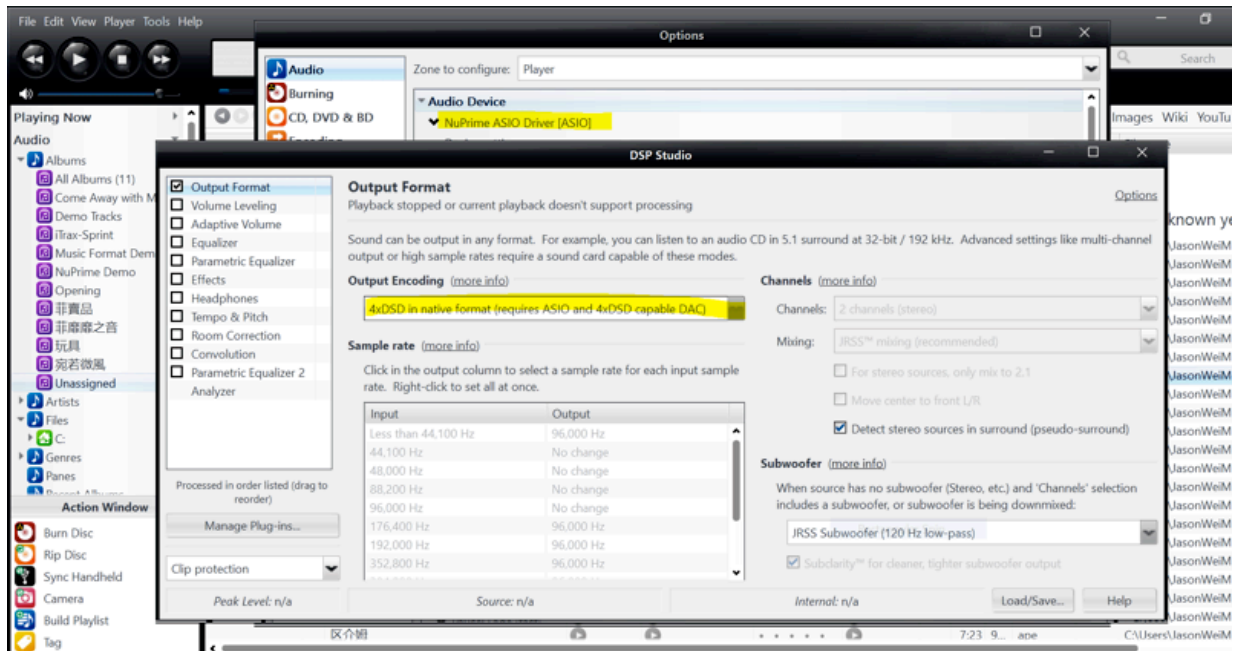

Then Go To: **Tools** > **Options >**

> **Audio**

Within the **Audio** drop-down menu:

- Under Audio Device, select NuPrime ASIO Driver [ASIO]

- Under Settings, click on DSP & Output format… Then select the appropriate "xDSD in native format"

Click "OK" at the bottom of the screen. This completes setup of JRiver Media Center for Playback of DSD files.
